EDUCATION

PhD Economics — Since 2025

KOF Swiss Economic Institute, ETH Zürich

- Supervisor: Prof. Dr. Michael Siegenthaler (ETH Zürich)
- Second advisor: Prof. Dr. David Dorn (University of Zürich)
- Examining how non-wage work arrangements (e.g. remote work, childcare, fringe benefits) shape labor market inequality in Germany and Switzerland
- Combining novel employer review data with administrative records and survey experiments to study firms' provision of amenities and workers' valuations of them

MSc Economics — 2021 - 2023

Stockholm School of Economics

- Final GPA: 4.34 / 5
- Thesis title: Mind the Gap: Quantifying fraud on Swedish exports using bilateral trade asymmetries

Associate Chartered Accountant — 2017 - 2021

Institute of Chartered Accountants in England and Wales (ICAEW)

- Completed the 15 exams required for recognition as a Chartered Accountant

BSc (Hons) Political Economy — 2014 - 2017

King's College London

- Graduated with First Class Honours
- Dissertation title: Welfare programmes available for domestic workers displaced by Free Trade Agreements in the US, the EU, and South Korea

SCHOLARLY WRITING

Peer-reviewed journal articles

Bagues, M., Campa P., and Etingin-Frati, G. (2025) Gender Differences in Cooperation in Congress: Replicating Gagliarducci and Paserman (2022). Economic Inquiry, 1–13.

Working papers

Brodeur, A. et al. (2025): Comparing Human-Only, AI-Assisted, and AI-Led Teams on Assessing Research Reproducibility in Quantitative Social Science, I4R Discussion Paper Series, No. 195, Institute for Replication (I4R), s.l.

Brodeur, A. et al. (2024): Mass Reproducibility and Replicability: A New Hope, I4R Discussion Paper Series, No. 107, Institute for Replication (I4R).

Policy briefs

FREE Network (2024): Would Electing More Women Make the U.S. Congress Less Polarized?
FREE Network (2023): Environmental Enforcement in the EU: Insights from Administrative Cases in the US

ACADEMIC WORK EXPERIENCE

Pre-doctoral Research Fellow 2023 - 2025

Chair of Globalization and Labor Markets, University of Zurich - Switzerland
- Worked under the supervision of Professor David Dorn on Labour Economics projects, with a specific focus on labour markets, globalisation, and migration
- Independently conducted data analysis on large datasets of both administrative and simulated data using STATA, R, MATLAB, and Python
- Utilized complex empirical methods including Fixed Point Algorithms and machine learning to address data-quality challenges and improve research outcomes
- Prepared project documentation to ensure continuity and replicability of results

Research Assistant 2022 - 2023

Stockholm School of Economics - Sweden
- Worked with Professor Pamela Campa on topics relating to environmental and gender economics, with a specific focus on the US
- Tasks included contributing to both research papers and policy briefs, conducting literature reviews, data collection and cleaning (especially of US census and environmental data), and empirical analysis in R and STATA

OTHER WORK EXPERIENCE

Consultant 2023

Council on Economic Policies - Switzerland
- Reviewed legal documents in English, French, and Italian and analysed tax data to assist in the compilation of the Global Tax Expenditures Transparency Index (GTETI)
- Conducted country-based tax analyses for various international Ministries of Finance and tax administrations
- Contributions recognised in the GTETI companion paper

Senior Consultant 2019 - 2021
Consultant 2017 - 2019

EY - UK
- Advised private and public sector clients on supply chain optimisation, particularly regarding the impact of geopolitical developments on indirect taxation
- Conducted extensive research in EU and international law as well as jurisprudence and Free Trade Agreements to ensure client compliance and benefits
- Designed and implemented data visualisation solutions (i.e. PowerBI, Tableau) to help clients understand complex trade flows and savings opportunities
- Obtained, maintained, and queried large datasets with both client and external data (e.g. UN Comtrade, Eurostat, World Bank) to produce high-quality deliverables such as technical reports and briefings

AFFILIATIONS

Institute for Replication, Research Fellow **Since 2025**

Awards / Grants

2025

Full PhD funding from the Swiss National Science Foundation for the project "Labor Market Inequality in Modern Labor Markets", Grant no. 10003451 (CHF 519,706)

2023

Christiaan Huygens Reproduction and Replication Prize for best reproduction of a recent empirical paper from the Institute for Replication (USD 1,500)

Service

Mentor   **Since 2025**

Graduate Applications International Network (GAIN)

- Mentoring prospective economics PhD applicants from African countries
- Supporting applicants with personalized guidance on school selection, applications, and research careers, with the aim of contributing to a more diverse economics profession
